REDWOOD CITY, SAN MATEO COUNTY, CALIFORNIA, SATURDAY, DECEMBER 15, 1923.

ESTABLISHED 1859

COMMITTEE OF CITIZENS WORKING FOR BRIDGE

The committee of citizens appointed by Chairman McNulty of the Town of Redwood City, has been working steadily on the promotion of the Dumbarton bridge, and has met with abundant success. Letters have been addressed to all business firms, industries and many citizens of Redwood City, urging them to aid in the financing of the bridge, and the future development of Redwood City.

WHEREAS, His Honor, Mayor George McNulty, has recognized that the future development of Redwood City depends upon the building of Dumbarton Highway Bridge, more than any other single thing, and WHEREAS, he has appointed a Citizens Dumbarton Bridge Committee of Redwood City to aid in putting the project over by devising a plan whereby every industry, every business firm and every citizen of Redwood City will participate in the building of Dumbarton Highway Bridge, and WHEREAS, due to the leadership of Redwood City as a community the enterprise is now in such shape that it needs only the material aid of the citizens of Redwood City as the leaders to insure its consummation, and WHEREAS, the bridge itself is in fact a new industry which will open up industrial sites and residential districts to development, thus benefiting either directly or indirectly every industry, business concern and citizen of Redwood City.

NOW THEREFORE BE IT RESOLVED that the Citizens Dumbarton Bridge Committee of Redwood City address a personal letter to each industry, each business concern and each citizen in Redwood City, outlining in detail its plan for their participation in the building of Dumbarton Highway Bridge. CITIZENS DUMBARTON BRIDGE COMMITTEE OF REDWOOD CITY: E. A. MONTEITH, Chairman; ASA HULL, J. B. PERRY, HENRY STEINBERGER, EDWIN B. FOX, C. G. LAMBERT, D. R. STAFFORD, HENRY BEGER, DANIEL P. FLYNN, C. M. DOXSEY.

PROTECTION FOR REDWOODS URGED

To an audience of several hundred people gathered at the California Academy of Science in Golden Gate Park Wednesday afternoon, Chairman J. D. Grant of the Save the Redwoods League, spoke on the campaign to establish a redwood national park of at least 20,000 acres in Northern California to preserve the aged California trees for future generations.

"Reforestation," he said, "while it is important and highly desirable and will without question supply a large percentage of the future lumber demand, cannot possibly serve to replace the ancient trees which are from 3000 to 5000 years of age." Grant predicted that the famous Redwood highway in Northern California, which is now in the making would rival the Yosemite valley, Niagara, Grand Canyon and Yellowstone as places of national interest. The proposed park will be made a reality.

PASSES AWAY THURSDAY

Mrs. Elizabeth Morrissey of 480 Cedar street, this city, passed away Thursday morning at 12:30. The deceased was a native of Virginia, but had been in California for 40 years. The last three years of her life had been spent in Redwood City. Mrs. Morrissey was the wife of W. Morrissey, employed by the Southern Pacific Company, and is survived by two sons, George and John Morrissey, both residents of Redwood City. The funeral will be held today at 10:30 from the home of the James Crowe Co. and will be followed by interment in Cypress Lawn cemetery.

SUPERVISORS APPROVE OF \$1,250,000 CONTRACT FOR HETCH HETCHY DAM

The San Francisco Finance and Public Utilities Committee of the Board of Supervisors Wednesday approved by a vote of 4 to 2 the awarding of a contract for the construction of a steel and concrete bridge across the bay at Dumbarton Point, near here, for the purpose of carrying the Hetch Hetchy water.

The Board of Public Works recommended more than a month ago that the contract be awarded at \$1,250,000, the lowest figure submitted, but on account of this figure being \$245,000 more than the original estimate of City Engineer M. M. O'Shaughnessy the matter has been held up.

The engineer explained that the original estimate was based on a trestle structure on wooden pilings to carry one 36-inch pipe. Analysis of the bay determined the change in plans to concrete cylinder piers, and the 36-inch pipe, two 42-inch tubes, are expected to bring across sufficient water to serve San Francisco for the next 100 years. Although O'Shaughnessy urged a favorable vote, Supervisors Shannon and McSheehy voted against approval, but Supervisor McLean, Margaret Mary McGowan, John A. McGowan and E. R. Schmitz voted favorably.

NEWS OF WOODSIDE

The report has reached Woodside that Miss Patrick, former principal of the Woodside school, met with a fatal accident in Honolulu. Miss Patrick has been teaching in the islands for several years. Confirmation of the report and details of the accident are lacking and her many friends here are hoping that the report may prove to be unfounded.

Samuel P. Pond, the latest of our summer residents to leave Woodside is planning to return to San Francisco at the end of this week. Rev. Benjamin St. John will entertain the young ladies of the Sunday School Bible class on Saturday afternoon. Plans will be formulated for the party they are to take in the Sunday School's Christmas entertainment.

SENATOR SAMUEL M. SHORTRIDGE HONORED

Senator Samuel M. Shortridge was honored this week by being appointed a member of the Senate naval affairs committee. Mr. Shortridge will be the only Pacific Coast member of that body. The appointment means much to naval base project for Alameda. Mr. Shortridge will put forth his very best efforts to secure the coveted naval base for that section.

LOCAL RESIDENTS HEAD SAN MATEO ORDER

Mrs. Harry Johnson was installed Associate Matron of Laurel Chapter, O. E. S. of San Mateo Tuesday night and Mr. Johnson was inducted into the Worthy Patron's chair.

The Johnsons reside in this city, they having purchased the property formerly owned by the late Mrs. Hannah Johnston on Eaton avenue, back of Wellesley Park.

PIONEER MILL MAN DIES SUDDENLY IN THIS CITY

His death preceded by only a few days' illness, F. L. Blomquist of 216 Beach street, this city, passed away last Saturday afternoon. Blomquist had been on a fishing trip to Harrison, but a severe cold and an attack of heart trouble had forced his return sooner than he had expected. He returned on Friday and passed away the following day. The deceased was 71 years old and a native of Sweden. In the early days he settled in the Harrison country and started the Blomquist mill. He was engaged in the milling business until about six years ago when he retired.

Blomquist leaves a wife, Mrs. Ruby Blomquist, four daughters, Mrs. J. M. Brown, of Idaho; Misses Muriel, Brett and Ora Blomquist; and three sons, Guy, Willet and Theodore Blomquist.

The funeral was held last Wednesday from the Congregational church, Rev. C. H. Stevens, former pastor of the church, and now of Lodi, came over for the occasion. Interment was in Cypress Lawn cemetery.

FORE FATHERS' DAY CELEBRATED AT LOCAL CHURCH

Over one hundred members of the Congregational church gathered in the banquet room of the office and welcomed Dr. and Mrs. Roy Woodhams home Thursday evening. Dr. Woodhams is a member of the local church and has been serving as a medical missionary in Africa for the past six years and is now home on a furlough.

The affair began at 6:30 and in honor of Forefathers' Day, a regular New England dinner was served. At its conclusion, Dr. Woodhams gave a most interesting account of his life and work in the Dark Continent and answered questions concerning conditions there.

LOCAL TROUP OF BOY SCOUTS INSPECTED

On last Friday night the Redwood City Boy Scouts, Troop No. 105, were inspected for the first time since its organization, by President C. C. Frome of the Pacific District. Scout Executive R. O. Hansen, Assistant Executive W. R. Spohn and District Commissioner F. H. Thrall.

WELL KNOWN PEOPLE

Dr. G. D. Marvin of this city and chief surgeon of the Bethlehem Ship Building Corporation, will sail abroad January 5th on the President Harrison on its initial cruise around the world. Dr. Marvin will occupy the berth of ship physician on its 112-day cruise.

Ladies of the M. E. Church will hold a baked-fish sale on December 15th at 21 Broadway. Mrs. Ella Leary is chairman of the committee, and anyone wishing to donate, call telephone number 477.

COUNTY'S RICHEST OIL WELL IS BROUGHT IN NEAR REDWOOD CITY

The La Honda Oil Fields Association completed its No. 1 well, in the San Francisco Bay district as a producer rated at from 1000 to 2000 barrels per day, according to a dispatch appearing in yesterday morning's Chronicle.

This discovery well opens up what may prove to be an important oil field and at the same time marks the most noteworthy oil development in the State. It is located near La Honda, just west of this city.

Completion of the well has been kept secret for several days, but accurate details concerning it were given out this week by W. T. Dinneen, geologist and consulting engineer, of Los Angeles, upon telegraphic reports from Thomas Costello, president of the La Honda Oil Fields Association.

LETTER TO CITY SUPERVISORS MAYOR McNULTY ADDRESSES

Mayor McNulty addressed a letter to the board of supervisors of San Francisco urging them to appoint a similar committee, and his request met with instant response from the city board. McNulty's letter was as follows: Redwood City, December 12, 1923. To the Honorable James Rolph, Jr., Mayor of the City and County of San Francisco.

Dear Sir: The attached papers outline action taken by the Citizens Dumbarton Bridge Committee of Redwood City to put over Dumbarton Bridge. As San Francisco will reap the greatest benefit, especially its retail trade, may the City of Redwood ask the consideration of same such plan by San Francisco.

CITIZENS COMMITTEE TO CANVAS SAN FRANCISCO

A Citizens' Committee will be appointed to canvas San Francisco for the completion of the Dumbarton Highway Bridge project, according to a resolution passed last week by the Board of Supervisors. This resolution requested Mayor Rolph to make these appointments in order that every industry, business and citizen of San Francisco would participate in the completion of Dumbarton Bridge. This action was taken by the supervisors following a letter received by Mayor James Rolph, Jr., from George McNulty, Mayor of Redwood City. This letter indicated that Redwood City had appointed a Citizens' Committee to canvas San Francisco for economic and industrial aid.

PASTOR GRANTED VACATION

The trustees of the First Congregational church at a meeting held during the past week granted the pastor of the church, Rev. Roland B. Dodge, who was injured in a railway accident, a leave of absence for a year. Negotiations were then started to secure a minister who will assume charge about the first of the year and continue on in the position during 1924.

WHITE WIFE OF CHINAMAN ADMITS SELLING NARCOTICS

Arrested at Menlo Park and held for several days at the San Mateo county jail here, Mrs. Dorothy Lee, 33, white wife of Wah Lee, Chinese merchant of Mayfield, appeared before Federal Judge Dooling of San Francisco this week, and admitted selling narcotics over the counter of her husband's store. The woman must go into the Federal Court next Monday prepared to pay a fine of \$1000, or suffer three months' imprisonment in the county jail. She told Judge Dooling she married the Chinese in Vancouver.

THE CHRISTMAS STORE

A Cordial Invitation

is extended to all our friends and patrons to make this store their shopping headquarters during the Christmas Season. Drop in and get warm when you are down town.

While they last, an elegant present will be given to each friend who pays us a visit.

TROUBLES OF A NEW MUNICIPALITY

Our neighbor to the south, Atherton, is having troubles which are of interest to the outsider but which do not seem to bother the authorities of the little municipality.

Years ago, two wise, far-sighted men, Thomas H. Selby and Faxon Atherton, purchased large tracts of land in the southern end of San Mateo County. They loved nature and wished to spend time away from their official duties in a place that was just about as near its natural state as was possible. They would allow no trees or bushes to be cut. They kept their estates intact for many years. Finally, however, long after they were gone, the properties were subdivided. Those who acquired interest in the land wished to keep as a place where they could have country homes. To do this they had to incorporate so that certain restrictions could be made. After incorporation it was found that one of the most serious problems confronting the new city was the water situation. There is plenty of water in the subterranean strata for everyone in the neighborhood, providing everyone uses his share, but when it becomes necessary to irrigate a large area for the culture of some vegetable or berry, it becomes apparent that some of the home owners will have to let their gardens suffer in the interests of the grower. The trustees of the city are anxious to remedy this condition.

The officials of Atherton are all men who have been successful in big business. They are not novices at making things come their way. They have not come to their present positions by any chance, but through a number of years of energy and work they have come to be the men of affairs of the San Francisco Bay region. Each one is an absolutely honest man who wants his town to be the kind of home place it should be. They are not trying to make it a rich man's community—they want it to be the place where any good man can go and raise his family amid good, clean, healthful surroundings.

We wish them much strength in their good right arms.

THE BONUS QUESTION

President Coolidge's stand on the bonus question brings the question before the people of the country, as an issue that may have its place in the next campaign. We personally believe that nothing we can ever give will repay the boys, who went over, for the suffering and hardships which they endured. The veterans, however, should decide on just what they want. A large number of them are against the bonus.

The Ex-Service Men's Anti-Bonus League has completed a summary which shows that 25 states have authorized state bonuses of \$390,000,000. This with the \$60 given to each soldier upon his discharge by the federal government amounting to \$270,000,000 gives a total of \$660,000,000 already paid. This is over two and a half times as much as Great Britain gave and about twice France's bonus.

There were 4,582,393 American soldiers, sailors and marines under enlistment during the war.

California passed a bond issue of \$10,000,000, which is now being disbursed.

Our idea of the bonus is that the funds should be conserved and every veteran who needs aid should receive it without stint.

THE PRESIDENT AND HIS MESSAGE

President Coolidge delivered his first message to Congress last week and set at rest the idea that he would bring forth any ideas that might lead to political discussions. President Coolidge is a silent man politically. When he talks, however, he talks so that people will understand him.

He touched on practically every vital question of the day. He is for a participation in a World Court but against our joining the League of Nations. He does not favor a bonus for ex-soldiers, but wishes to make ample provision for all who were disabled during the late war. He desires to maintain an army and a navy that will be of service when service is required. Economic questions such as the revision of the income tax and abolition of the amusement tax are favored and government facts are stated.

There have been a few messages of the presidents that have more clearly stated the desires of a chief executive than the one just issued by President Coolidge.

The president will be a candidate for re-election next year and he will probably make his first message his basis of seeking the suffrage of the electors of the United States.

A SUGGESTION

The people of the section, south of our town, have been clamoring for some time for a sanitary district to take care of their sewerage problem. Just now there is a ditch dug through their midst that will take care of great water pipes which will bring Hetch Hetchy water to San Francisco. Sewer pipes in the same ditch would in no wise contaminate the liquid refreshment for the metropolis. The ditch runs from Redwood City to the bay and would be a natural outlet for sewerage. If concessions could be obtained from the San Francisco engineering department sewers might now be provided for the Five-Point section at a nominal cost.

We don't know whether or not such a project has any merit but it is worth considering.

AS REDWOOD CITY APPEARED IN 1874

The following description of Redwood City appeared in the Gazette of June 6, 1874. It was a reprint from the California Alta.

Following the line of the railroad for three miles Redwood City is reached. It is a thriving little town with well-built, comfortable houses. It is the county seat and should remain so in spite of the San Mateo agitations. The hotels, stores, and many large private residences are lighted with gas. Fire wood and redwood lumber are sent to San Francisco by schooners. The business men of the place hope to have a steamer running next season, and propose laying a mile of rails to tide water, or to cut a channel through the marsh deep enough to allow a steamer to land goods in the center of town at all tides. Two tanneries and a flour mill help to give the place an active look. Several substantial grain houses show that the place stands well with our capitalists. A shoe factory is on the tapis, and from the character of the men who are undertaking it, should soon be an fait accompli.

OBJECTS OF ART AT

STANFORD ART GALLERY

Commencing December 12th, the Stanford Art Gallery will put on display two interesting art exhibitions. The first of these comprises a series of about thirty field sketches made by James Swinnerton in the Hopi reservation of Arizona. These paintings are full of the crisp virile color typical of the Indian country. The rare atmospheric conditions that hardly seem possible to one who has not been down in the Indian land.

Without doubt Swinnerton has caught the spirit of this locality. Even in these field sketches one can sense the brightness and grandeur of the desert country, and the Indian inhabitants. Swinnerton has established himself as a "man who knows how to paint rain." Several very effective sketches showing rain and rain clouds on the desert are among the collection.

These sketches were painted by Mr. Swinnerton during an unusually stormy season. Many of them were painted under difficult conditions in order to catch the peculiar atmospheric effects. In speaking of the country, Mr. Swinnerton said, "This great flat jagged scene permits an unobstructed view that one does not get in wooded landscapes where trees and similar objects cut off the view. There are many times when the natural elements produce such wonderful effects that they seem to baffle all usual rules and laws practiced by the studio artist. The only way to attempt a satisfactory record is for the artist to become so imbued and saturated with the nature of the thing that he imparts it onto his canvas regardless of set rules."

In the gallery next to the Swinnerton exhibition will be displayed twenty-two original Japanese paintings done by old masters. These date from the 14th century and include such artists as Mitsunari, Sozen, Keibun, Mokkai, Erga and Matsubai.

All the wall pictures are known as Kakemonos and are oblong pieces of silk framed in strips of brocade mounted on a long narrow strip of canvas with wooden rollers. They are exquisitely done in water color with the direct stroke of a master artist.

The pictures are painted on silk which has first been rubbed over with a fine powder which makes the surface very much like paper. When the artists work, he places this drawing on the floor with weights at the four corners. The artist kneels in front of it and holds the brush in a perpendicular position. The brush is held three or four inches from the painting end, allowing for a free swinging stroke.

In a case with this exhibition are being shown the rare To-sho-ku picture rolls, which were presented to Dr. David Starr Jordan by the Society for the Celebration of the Tercentenary of the To-sho-ku. These books are works of the most elaborate description on which the great artist Kano Morinobu spent five solid years of his life. They represent

LUDEX'S MENTHOL COUGH DROPS for nose and throat Give Quick Relief

Incidents in the life of Tokugawa Iyeyasu, a great man in Japanese history.

Owing to the length of these rolls, only a portion of them can be shown at one time. These rolls were donated to the Stanford Library by Dr. Jordan and are now being shown to the public. Both exhibitions will be displayed from December 12th to January 7th.

CITIZENSHIP PAPERS ARE REVOKED BY COURT ORDER

Federal Judge John S. Partridge has ordered cancelled the citizenship papers granted by the Superior Court of San Mateo county to Samuel Jacob Mayer, according to a certified copy of an order received Tuesday in the office of County Clerk, Elizabeth M. Kneese.

Mayer was admitted to citizenship on August 6, 1920, following an examination by Frederick N. Littlejohn. No cause is stated for the revocation, but Mayer is ordered to surrender the papers immediately. The San Mateo County court records show that Mayer's papers were held up in April, 1920, on account of draft record, but that they were granted at the following hearing in August.

RECKLESS DRIVING COSTS LUMBER DEALER \$150 FINE

Reckless driving cost J. W. Clarkson of this city, who appeared before Justice of the Peace Walter M. Bird Wednesday on a charge of running down George Defolio on October 25th a fine of \$150 and the loss of his license for 30 days. Defolio was riding a motorcycle, and was struck from the rear by Clarkson's machine. This was the fourth affair in which Clarkson has figured for reckless driving in the last four months, which accounted in part for the heavy fine. Clarkson told the court that he had been warned by his employers that another charge of reckless driving against him would result in his losing his position as manager of the Sudden Lumber Company here.

TWENTY-FIVE YEARS AGO

Appeared in Times-Gazette December 17, 1898

Trustee Dan Mullen not only wants lights but water as well. Under his direction, Superintendent of Streets, Dickey, cleaned out one of the old wells at the water works the other day and struck a good flow. The well has not been used in years.

A gentleman informs your correspondent that while on the coast side he witnessed a scene the like of which could only be duplicated in the arctic regions. At Pigeon Point lives a family of four—man, wife and two children. The wife and mother is an Esquimaux. Of late she has pined away, but her eyes fairly danced with joy when informed that two whales had been stranded nearby. She lost no time, with her two American children in making a home run for the appetizing feast, and when our friend left were gorging themselves with the blubber, cutting off long strips which they would pass into their breadbaskets with wonderful facility. Verily, when you cannot go to the Klondike let the Klondike come to you.

A. P. Gilcrest of the Occidental in Halfmoon Bay, returned from a trip south the fore part of the week. Just received at Einsteins, a full line of men's black worsted suits, \$4 a suit.

W. W. THOMPSON DELEGATE

Redwood City's accredited delegate to the annual convention of the Contractor's Association of Northern California in San Francisco is W. W. Thompson. The convention, which opened yesterday (Friday) A. M. for the purpose of electing directors, and for the transaction of such other business as may be brought before said meeting.

W. H. PFAFFLIN, President.
C. G. UHLENBERG, Assistant Secretary.

First Publication in Times-Gazette December 15, 1923.

Principal matters before the sessions, which are held in the Hotel Whitcomb, are elimination of political pull or favoritism in the award of contracts, elimination of the day labor basis in public works and rehabilitation of injured workers through the association's hospitalization scheme.

ILLITERACY CONFERENCE CALLED FOR CAPITAL

A national illiteracy conference, to meet in Washington, January 11-14, has been called by the Department of the Interior. The National Education Association, the

American Legion, and the General Federation of Women's Clubs will co-operate with the United States Bureau of Education in devising a solution to the problem of adult illiteracy in the United States. Nearly 5,000,000 men and women of this Nation, according to the census, can neither read nor write. There are an economic liability to the country and their communities. The adoption of a Nation-wide program to stamp out illiteracy would transform them into intelligent citizens, capable of active participation in the Government of their respective States.

STUDENTS!

Gallagher-Marsh Business College invites you to come and witness its student demonstrations. It then challenges all other schools to equal in your presence what you may see accomplished here.

Come and let us prove to you by student demonstrations that Gallagher-Marsh Shortland System is better than any other and that no other school compares with Gallagher-Marsh for competent stenographers, private secretaries, etc. Don't be fooled by large ads or fancy furniture, but insist on seeing mental furniture as represented by practical results in the students. So come and be convinced. Free catalog. Van Ness Avenue and Turk Street, San Francisco, Calif. Adv.

NOTICE OF STOCKHOLDERS ANNUAL MEETING.

PROGRESS LUMBER COMPANY

The annual meeting of the stockholders of the Progress Lumber Company will be held at the office of said corporation at Holder and Steinberger Streets, Redwood City, California on Wednesday, the 2nd day of January, 1924, at ten o'clock A. M. for the purpose of electing directors, and for the transaction of such other business as may be brought before said meeting.

W. H. PFAFFLIN, President.
C. G. UHLENBERG, Assistant Secretary.

Cleaning Without Odor
by the
F. Thomas Process
Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly \$500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.
With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.
Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary kerosene and leaves a sickening "gasoline" smell in your clothes.

The F. THOMAS Parisian DYEING and CLEANING WORKS
Palo Alto Branch, 419-421 Alma St.

Rev. Roy Woodhams, who has recently returned from mission work in Africa, will occupy the pulpit morning and evening.
Morning service at 11 o'clock, subject, "A Man in Heaven." Evening service at 7:30, subject, "African, Their Customs, Religion, Bondage, and Possibilities."
Dr. Woodhams has an interesting message from the heart of Africa.
P. G. & E. PROGRESS
Negotiations have been entered into by K. A. Winter and the Pacific Gas and Electric Company whereby the power company will extend its line along Laurel Terrace, Bond and Graceland avenue to supply electrical energy for a three horse power motor. This motor will be used to pump water from the Redwood City mains and will be a source of supply for about thirty new homes in Graceland Park.
W. T. Kollogs, district manager of the Pacific Gas and Electric Company, states that the prospects in the vicinity are very good for additional business. The company's business as measured by the addition of new consumers to its lines, continues to show an unprecedented growth. In the month of October, the gain in active services on the company's system was 7,918, once more establishing a record for any single month in the company's history. In the past months alone, the net gain in consumers of electricity as of gas, the latter outnumbering the former by only 2,393 services as compared with an excess of 76,608 ten years ago.

NEWS OF MENLO PARK

W. E. Dale, the well-known local merchant, is to start a general merchandise store at Woodside some time after the first of the year. The building is now being erected by Ole Olsen on his property at the entrance of Woodside. Mr. Dale has taken a lease on the building for five years. Mr. Dale is a wise, conservative business man who knows the wants of the people and will supply them. He will continue to reside in Menlo Park.

Dr. Ray Lyman Wilbur of Stanford University, is to be commended upon the stand he has taken in denying the Ku Klux Klan the right to use any of the university buildings to hold meetings for the purpose of organizing a unit of the hooded society on the campus. All law abiding citizens are pleased to know that there will be no Ku Klux Klan organization established in the classic precincts of Stanford. Former students will rejoice in hearing this and knowing that the fair name of their alma mater will not be tarnished by the slime and poisoned prejudice of the pugnacious members of the white sheet society.

Howard Crane, a former resident of Menlo Park and for several years employed by the Shell Oil Company at their plant at Martinez, has gone to Wellington, near Los Angeles, to take the position of assistant superintendent at the company's plant there. Mr. Crane has merited the distinctive promotion by his constant attention to duty and devotion to his company. Mr. Crane graduated in chemistry from Santa Clara University several years ago. He is the only son of Mr. and Mrs. E. J. Crane of Menlo Park.

Lloyd Douglass has sold his new home at Stanford Park to Andrew Extrom of Redwood City. The building had just been completed when many sought its purchase. Homes in Stanford Park for sale go like hot cakes.

Mrs. Shurtz has rented one of the stores on Oak Grove avenue in the Coxin block for a dry goods establishment. She will keep a full and complete line of dry goods and notions.

Edward F. Delger, the capitalist and owner of the Delger building on Market street, San Francisco, passed away after an illness of several weeks last Monday evening. The Delger summer home was near town on the site of the old Atherton domain. Many years ago Delger married Miss Prior, daughter of the late J. K. Prior, and two children were born to them, Frederick E. Delger and Mrs. J. N. Bartlett. Mrs. Delger died last year. Her husband never fully recovered from the shock. The deceased was a graduate of Harvard. He was 64 years of age and at the time of his death was engaged in the real estate business. Mr. Delger was well known and highly regarded by the people of San Francisco and the peninsula.

Menlo Park is liable to secure one of the largest moving picture studios in Hollywood. Last week representatives of the concern were here and shown the attractive Sharon estate, near Santa Cruz avenue. It consists of twelve hundred acres highly improved. It is located on the rising hill overlooking the whole of Santa Clara valley. The scenic effect is wonderful, just the kind for a successful studio. The southern representatives went in ecstatics over the beautiful estate stretching over undulating hills to a high crest on which is located the Sharon mansion. If satisfactory terms can be reached the noted place may become a famous studio and Menlo Park may develop into a second Hollywood, where artists would come from all parts of the country to appear in expensive pictures that would be shown in all portions of the globe. Let us hope the studios will come with their galaxy of beautiful movie queens.

Next Tuesday evening is the date of the card party of the Companions of the Forest. Come and secure your Christmas turkey.

Rev. Father John Ryan, a former assistant pastor of the church of the Nativity, left Wednesday for his boyhood home in Ireland to remain permanently. At the time of his departure Father Ryan was pastor of the Catholic church of Modesto to which charge he was appointed last summer. He was ordained for an Irish diocese and was in California

by the sufferance of that diocese and could be called home at any time. Father Ryan is an able and devoted priest who liked his new surroundings and left with reluctance to obey the call of his native land.

Eighteen are enrolled in the naturalization class of the night school which is conducted at the Menlo Central School as a branch of the Sequoia Union High School night course. A majority of these are Italian, although other nationalities are represented. The class meets Monday and Wednesday evenings with an average attendance of eleven. Both men and women are admitted and new members may enter at any time. Classes in arithmetic meet Tuesday and Thursday nights, with Miss M. B. Clark as teacher.

Major General and Mrs. Devoil are expecting Mr. and Mrs. Allen S. Bates, general manager of a Pacific freight steamer company, for the holidays. Mrs. Devoil is a daughter of the Devoils.

The rain that began falling on Thursday was welcomed by all. It was timely and will be a big benefit to farmers and stockraisers. The rain fall for this season is much better than of last year at this time and there is a short run of rain for many years previous.

Thus far only a few flocks of robin have come down from the far north. This is on account of the dry season. It is expected that after the present storm is over there will be a large flight from the summer home of little red breast.

The ladies of the Church of the Nativity are planning to hold a card party in Duff and Doyle hall on Friday evening, December 21. Turkeys will be given as prizes. This will be a rare opportunity to secure your Christmas bird. After the game refreshments are to be served by a very pretty maid.

During the coming year Menlo Park is going to experience a big boom in real estate. More sales will be made next year than ever before in the history of the community. The vast number of inquiries being made every day for Menlo Park property portends the big rush of the approaching spring.

Will Casey, the veteran hunter who has traversed the marsh hereabouts since childhood, says he has never seen the sloughs death of ducks as they are this season. Mr. Casey attributes this to the lack of storms to drive the birds down from the north. The weather has been too fine and no flights were made to the local marshes although there have been plenty of birds at the rice fields in northern California.

Mr. and Mrs. Perry Eyre have gone to San Francisco for the rest of the winter season and have taken the residence of Mrs. Sprague. S. spent the early winter at their country home here.

FORMER REDWOOD CITY OFFICE OPENS PALO ALTO OFFICE
C. E. Wilent, formerly of Redwood City, and now a graduate of the Palmer School of Chiropractic, is opening offices at the corner of Bryant street and Little avenue in Palo Alto to this week. Wilent is well known in this city where he was formerly a law student. During his residence here he was assistant district attorney, and at one time made a close campaign for justice of the peace.

Since going East Wilent has studied Chiropractic, and after completing the course at the school was a member of the teaching force of the institution. He has had a large and varied practice since that and is one of the most competent Chiropractors to have graduated from the Palmer School.

SUPERIOR COURT
H. C. Benedict, accused of running over a Redwood City police officer McAuliffe several weeks ago, was given his preliminary hearing last Thursday night in a long and protracted session. The defendant was finally held over to the Superior Court. The only new feature of the case brought out at the hearing was that the men in the car that struck McAuliffe got off the highway as soon as possible and lifted the gates at a side railroad street crossing in order to so.

C. E. Wilent, D.C., Ph.C

Chiropractor

PALMER SCHOOL GRADUATE

Hours: 10 to 12 a. m., 2 to 5 p. m.

Evenings by Appointment

C. E. WILENT, D. C., Ph. C.

For the past year, Dr. C. E. Wilent has been employed on the teaching staff of the largest Chiropractic School in the world. This school is admittedly head and shoulders above any other. It is the hub of all things Chiropractic. With the vast number of patients cared for in the clinic of the Palmer School, unlimited opportunities for observation and experience are afforded. To the City of Palo Alto comes this man whose position in Chiropractic profession is unquestioned. His wide knowledge and vast experience assure the highest grade of service.

OFFICES NOW OPEN TO THE PUBLIC ON GROUND FLOOR AT THE CORNER OF BRYANT ST. AND LYTTON AVENUE., PALO ALTO, CAL.

RUNNYMEDE NOTES

The committee arranging the Women's Club card party for Saturday evening of this week have their plans completed and are expecting a larger crowd than usual. The sale of articles made by the boys at the Base Hospital is in charge of Mrs. E. H. Lam and the proceeds of the card party will be used for the boys. Mrs. John Burger is chairman of the card party committee.

Mr. and Mrs. A. E. Gravestock have announced the engagement of their daughter, Emily, to Carol Pressley DeMant, the wedding to take place at 10:30 New Year's morning in the Presbyterian church in Palo Alto. Miss Gravestock's name is familiar to the people of the peninsula, being queen of the Peninsula Pageant of Progress. Both young people have been residents of Runnymede since the early days of the colony and have been active in the social life of the community during its growth.

Mrs. Wm. Gledhill who has been visiting for a few days with Miss Mary Duke has returned to her home in Richmond.

Mr. and Mrs. L. J. Hill of Los Altos were guests for the week end with Mr. and Mrs. R. G. White on Walnut street this week.

Mrs. Mary Hutchinson has returned from Healdsburg, where she has been visiting a sister for the past three or four months.

The Findings on Weeks street have had telephone installed, their number being 2099-M.

J. F. Collins was a week-end visitor with his family this week.

Mr. and Mrs. J. Gustafson of San Francisco and Captain and Mrs. Polson of Belvedere were visitors Sunday at the Charles Easterburg home on Euclid.

W. Mertons and family have moved to Palo Alto into their new home recently completed on Webster street.

In anticipation of the approaching marriage of Miss Emily Gravestock to Carol DeMant, a surprise shower was tendered her by Mrs. W. B. Parkin Saturday evening. Games and dancing were enjoyed by about thirty of their friends and a number of useful gifts were showered on the bride to be.

The A. E. Gravestock home. Florence Robinson of Palo Alto has been spending a couple of days with her aunt, M. L. Follett, this week. Mrs. Follett has been on a few days' stay in Oakland.

Mr. and Mrs. A. Deazo and Mr. and Mrs. Victor Hugo were visitors in Palo Alto Saturday evening at a birthday surprise party for Paul Smith at his home on Cowper street.

John Walker of Yorktown, Saskatchewan, a brother of Douglas Walker was a week-end visitor at the Walker home this week.

Mrs. Alfred Gravestock of Almond street was a San Francisco visitor Saturday.

The Charles Stricklers are moving to San Jose this week.

Mr. and Mrs. Verle Brubaker were San Jose visitors Thursday.

The Harry Taylors are entertaining the men at present.

Mr. and Mrs. H. J. Schneidewind motored to San Francisco Sunday to alter the Sistine choir at the auditorium.

Mrs. Ellery Brown of La Honda passed several days with her mother, Mrs. Frank Collins, last week.

A. E. Martinelli spent Monday in Santa Rosa with his son and daughter-in-law.

Mr. and Mrs. A. J. O'Meara were Sunday visitors in San Francisco. Miss Wolmire, a sister of Mrs. O'Meara, returned home with them.

Lewis Hand was a week-end visitor with his parents last week.

Mr. and Mrs. Roy Partridge were Sunday visitors with the latter's parents, Mr. and Mrs. A. C. Mateo.

The new owners of the Gallagher place, Mr. and Mrs. A. Glahubek, have taken possession of their new home. They have only recently come from Russia.

Mrs. Elmer Bartlett left Wednesday morning for Santa Rosa in response to a telegram announcing the death of a nephew.

Miss Alice Averill who has been visiting with her sister, Mrs. W. A. Romes has returned to her home at Los Gatos.

SEQUOIA HIGH SCHOOL NOTES

A complete and permanent record of a student's activities will be kept according to the Service Point System, which has been revised to meet this term's changes in student government.

The record of service points will serve as an indication of the student's character and abilities and will be used as recommendation to business houses and colleges.

Points will be awarded each term by the faculty advisor of each activity, and the list of service points made by the students will appear in the "Kiozian." Points will be withheld for failure to discharge creditably the duties of an office and neglecting class work for an office. Other services will be considered on application. Points are grouped in three groups: administration, cultural and athletics.

An Honor Squad to uphold dignity of Sequoia and its property school spirit, and help to keep the school in general cleaner, was the issue brought before the students Wednesday at assembly. The several speakers, Gladys Cronk, Coach "Red" Kelley, John Shortridge, Miss Catherine Boyle, Mr. Gill, Christine Graves and Mr. Argo, all spoke of the necessity for an Honor Squad, because of the reputation for rowdiness Sequoia has gained by the conduct of a few students at games, etc.

Mr. Kelley emphasized the idea that it comes from a wish of the students and that it would not be a police force. Otherwise of itself it would be because it would create discussion, agitation, and hatred. Lack of restraint in Mr. Gill's opinion, the cause of the existing conditions, and he said that the success of the plan would depend on the attitude and reception of it by the students.

The plan of the Honor Squad as outlined by Christine Cronk, is as follows: membership consists of ten girls and ten boys, two of whom may be sophomores, the rest juniors and seniors. Qualifications are: executive ability, good citizenship and scholarship. Selection will be made by the commissioners' committee, and term of office will last until graduation, or until standards are lowered. These Honor Squad members will co-operate with heads of activities to principal to insure the respect due to Sequoia and its student body, and safeguard the beauty of its home.

A musical which was given as part of the program at a teachers' social held recently at the home of Mr. Argo was repeated for the students Tuesday morning at the regular assembly period, by Mr. Carrington. Mr. Cuthbertson and Mr. Meyer. Miss Proctor was unable to participate because of illness.

The program was as follows: Carnival of Venice, Mr. Carrington. Mr. Cuthbertson, Mr. Meyer, Davy Jones' Locker, Mr. Cuthbertson. "Till the Sands of the Desert Grow Cold, Mr. Cuthbertson. Dunsin, Mr. Carrington, Mr. Cuthbertson, Mr. Meyer.

Seniors are having an annual vaudeville December 20 at the Sequoia theatre. "The Mouse, Traps," a farce by Dean Gwinn, "1750-1923," a jazz revue, "The Night Hawk Synopeters," a Coon act, a tramp comedy, a doll revue and a "Proposal in 1900," are features on the program, which is expected by all participants to be the best yet.

The arrival of the senior pins and rings is also exciting commotion. The pins are made of hammered gold shank with black enamel shields and the school emblem in gold raised on it, while the pins are gold school emblems with "24 on them.

"LIGHTNING" BY FRANK BACON COMING TO SAN FRANCISCO

"Lightning" will soon strike San Francisco. This play, the product of the fertile brain of the late lamented Frank Bacon, has had a wonderful run in New York of three years. It was the hope of the great actor to bring the show to his native state, but the curtain of life rang down before Bacon could carry out his wish. His wife, who now resides in Palo Alto, knowing his long cherished desire has decided to satisfy that longing by bringing the show to San Francisco. Many years ago Mr. Bacon was editor of the Mayfield News and some time after conducted a paper in Mountain View. After leaving the newspaper business he won national fame as an actor. His genius produced "Lightning", one of the most successful dramas of the American stage. The people of the peninsula are going to show their appreciation of the famous actor, who once lived among them, by attending the play in large numbers when it arrives in the city.

GIFTS FOR THE KIDDIES
A. W. Grimmerstein has arranged an artistic Christmas tree in his store and is preparing to play Santa Claus to the kiddie of the town on Christmas eve. The local merchant has secured a large number of gifts to be distributed to all the youngsters of the town who call at his store accompanied by a parent. Grimmerstein also extends the invitation to all who have shopping to do in the town during the cold, rainy weather to use his store as their headquarters and drop in at any time to get warm or dry out.

GREEN FOOD FOR CHICKENS
One reason why so many farmers get so few eggs during the winter is that they do not provide their flock with green feed during these seasons. A continuous and high production of both milk and eggs depends upon a large measure upon a constant supply of green, succulent feed for the animals producing them. Rye is one of the cheapest and best green-feeds for these purposes that can be grown.

VALUE OF EDUCATION TO A FARMER
The question is often asked, "Of how much value is school training to farmers from a business standpoint?" A recent agricultural survey of several townships of Tompkins county, New York, made by the College of Agriculture of Cornell University has revealed many interesting and suggestive facts bearing upon rural sociology. To quote from the summary: "The survey shows that a high school education is worth as much to a farmer as \$6000 worth of 5 per cent nearly twice as much."

Comfort Hours
The Inspired Gifts!

WHAT can you give her that is better than hours of comfort—electric appliances to carry convenience and comfort and satisfaction into the after years—to bring leisure and relaxation to her boudoir.

There are immersion heaters and vibrators and heating-pads. There are curling-irons and hair-dryers—things that she has seen in the Beauty Parlor, but perhaps has never dreamed of having for her very own.

Your electrical dealer's display will solve the problem of a Christmas gift. Call on him early.
